Marine Chemistry, Volume 20 (1986/1987)

Research Papers

Influence of infrequent floods on the trace metal composition of estuarine sediments
G.R. Helz and S.A. Sinex (College Park, MD, U.S.A.) 1

Trace metal seasonal variations in Texas marine sediments
C.W. Holmes (Denver, CO, U.S.A.) 13

Trace metal transport in two tributaries of the Upper Chesapeake Bay: the Susquehanna and Bush Rivers
J.J. Delfino (Gainesville, FL, U.S.A.) and R.G. Otto (Reston, VA, U.S.A.) 29

A comparison of two methods for determining copper partitioning in oxidized sediments
S.N. Luoma (Menlo Park, CA, U.S.A.) 45

^{13}C NMR spectra and Cu(II) formation constants for humic acids from fluvial, estuarine and marine sediments
M. Sohn and D. Weese (Melbourne, FL, U.S.A.) 61

Laboratory studies of plutonium in marine systems
J.W. Morse (College Station, TX, U.S.A.) and G.R. Choppin (Tallahassee, FL, U.S.A.) . . 73

The surface chemistry of calcium carbonate minerals in natural waters: an overview
J.W. Morse (College Station, TX, U.S.A.) 91

Erratum 113

Guide for Authors 115

Research Papers

Arsenic, antimony and selenium speciation during a spring phytoplankton bloom in a closed experimental ecosystem
S.C. Apte, A.G. Howard (Southampton, Gt. Britain), R.J. Morris and M.J. McCartney (Godalming, Gt. Britain) 119

The free-solution diffusion coefficient of boron: influence of dissolved organic matter
J.E. Mackin (Stony Brook, NY, U.S.A.) 131

Petroleum hydrocarbons in the Mediterranean Sea: a mass balance
K.A. Burns (Ferry Reach, Bermuda) and A. Saliot (Paris, France) 141

An annotated nitrogen budget calculation for the northern Adriatic Sea
D. Degobbis (Rovinj, Yugoslavia), M. Gilmartin and N. Revelante (Orono, ME, U.S.A.) . 159

Vertical flux of hydrocarbons as measured in sediment traps in the eastern North Pacific Ocean
H. Matsueda and N. Handa (Nagoya, Japan) 179

Short Note

Study of the biodegradation of poly-branched alkanes by a marine bacterial community
J.F. Rontani and G. Giusti (Marseille, France) 197

Book Review

Mapping Strategies in Chemical Oceanography, by A. Zirino — P.G. Brewer 207

Announcement 209

Research Papers

Characterization of marine organic matter by thin-layer chromatography with flame ionization detection
X. Zhou and P.J. Wangersky (Halifax, N.S., Canada) 211

Determination of alkalinities of estuarine waters by a two-point potentiometric titration
C.M.G. van den Berg and H. Rogers (Liverpool, Gt. Britain) 219

Picomolar mercury measurements in seawater and other materials using stannous chloride reduction and two-stage gold amalgamation with gas phase detection
G.A. Gill and W.F. Fitzgerald (Groton, CT, U.S.A.) 227

Marine barite in sediments from deep sea drilling project sites 424 and 424A (Galapagos hydrothermal mounds field)
S.P. Varnavas (Patras, Greece) 245

Particulate carbohydrate fluxes in the Bransfield Strait and the Drake Passage
G. Liebezeit (Kiel, F.R.G.) 255

Behavior of natural fluorescence in Sagami Bay and Tokyo Bay, Japan — vertical and lateral distributions
K. Hayase, M. Yamamoto, I. Nakazawa and H. Tsubota (Hiroshima, Japan) 265

Colorimetric determination of nanomolar concentrations of ammonium in seawater using solvent extraction
M.A. Brzezinski (Corvallis, OR, U.S.A.) 277

Short Note

An improved method for the determination of ammonia in seawater
G. Catalano (Trieste, Italy) 289

Book Review

Petroleum Spills in the Marine Environment. The Chemistry and Formation of Water-in-Oil Emulsions and Tar Balls, by J.R. Payne and C.R. Phillips — R.A. Geyer 297

Research Papers

A field comparison of two methods for the determination of copper complexation: bacterial bioassay and fixed-potential amperometry
J.G. Hering, F.M.M. Morel (Cambridge, MA, U.S.A.), W.G. Sunda and R.L. Ferguson (Beaufort, NC, U.S.A.) 299

Chromatographic studies of dissolved organic matter and copper–organic complexes isolated from estuarine waters
G.L. Mills, E. McFadden and J.G. Quinn (Narragansett, RI, U.S.A.) 313

Distribution coefficient of Mg^{2+} ions between calcite and solution at 10–50°C
T. Oomori, H. Kaneshima, Y. Maezato (Okinawa, Japan) and Y. Kitano (Nagoya, Japan) 327

Chlorinated hydrocarbons in the open Mediterranean ecosystem and implications for mass balance calculations
K.A. Burns (Ferry Reach, Bermuda) and J.-P. Villeneuve (Monaco) 337

Formation of chemogenic calcite in super-anoxic seawater — Framvaren, southern Norway
L.G. Anderson, D. Dyrssen (Gothenburg, Sweden) and J. Skei (Oslo, Norway) 361

The distribution of zinc and reactive silicate in the Otago Harbour, New Zealand
K.A. Hunter and S.R. Tyler (Dunedin, New Zealand) 377

Concentrations of mercury in near shore surface waters of the Bay of Biscay and in the Gironde Estuary
D. Cossa and J. Noël (Nantes, France) 389
